

Dear all,

The next Virtual Adler Café will be held on Sunday, July 5, 2026, at 1pm Chicago, 2 pm New York, 7 pm UK, 8 pm Germany, 9pm Israel, depending on your time zone.

Bruce Tate will talk about “Inferiority – what’s the use in it?” Alfred Adler wrote that “to be a human being means to feel oneself inferior”. His theory of psychology is based upon people being goal-oriented, self-determining and creative. How do feelings of inferiority fit with Adlerian concepts? What use do we make of these feelings? We will examine different aspects of inferiority feelings and practical ways to handle them.

We will profit from the various professional and cultural backgrounds of all of you. Open to everyone interested. We will speak English but we are aware that there are a lot of non-native English speakers and we will try to help as much as possible. Please try to get in the room on time. Unfortunately late-comers cannot be admitted while break-out sessions take place. In that case you might need to wait up to 20 minutes in the waiting room.
